REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of Rains Centenary Early Childhood Center is to ensure that all children are successful in school and life by providing quality early learning experiences and support services in a safe and nurturing environment. We believe that children learn by playing...that play is their work. Teachers and assistants work to provide experiences for each child to learn new things while enjoying the learning process. Children spend most of their playing and working with materials or working with other children. Children have access to various activities throughout the day. We use assorted building blocks and other construction materials, props for pretend play, picture books, paints and other art materials, and table top toys such as matching games, and puzzles.

Teachers work with individual children, small groups, and the whole group at different times during the day to meet the many different needs of our children. Classrooms are decorated with children's original artwork, and their own writing with invented spelling. Children learn numbers and the alphabet in the context of their everyday experiences. The natural world of plants and animals and meaningful activities like cooking, taking attendance, or serving snack provide the basis for learning activities. Children work on projects and have long periods of time to play and explore. Teachers read many books to children during the course of the day to encourage a love of reading and to build our children's oral language and vocabulary skills.

The curriculum is adapted for those who are ahead as well as those who need additional help. Teachers recognize that children's different background and experiences mean that they do not learn the same things at the same time. Our children and their parents look forward to school. Parents feel secure about sending their child to the program and our children are happy to attend. We welcome you to come visit us at the Center to see for yourself how fun learning can be.
